between 5°C and 25°C

Disposal
Dispose of residue and empty packaging in accordance with local ordinances.

0,75L

APPLICATION

For removing stains and stripes: Dilute the Hard Floor Cleaner 1/10 in lukewarm water and clean the wood with a mop, microfiber cloth or soft scrubbing brush.

Afterwards, the floor should be cleaned with clean water. For removing layers of Polish: Dilute the Hard Floor Cleaner 1/5 in lukewarm water and clean the floor with a mop or soft scrubbing brush.

You may also use a buffing machine. Let the product die in for a while and remove the dirt with a squeegee or mop. Afterwards, the floor should be thoroughly cleaned with clean water. Avoid excess water on the wood.

CAUTION

Let it settle for a few minutes, but do not let it dry!

FINISHING

After using Hard floor cleaner, you should re-apply Hard floor Polish or UNICARE X-MATT to the floor. For the regular maintenance of varnished floors, use Ciranova® Hard Floor Fresh.

MAINTENANCE

It is recommended to follow the Ciranova® maintenance program to keep the floor in optimal condition.
