

**Detergentiarichtlijn nr.648/2004 "HARD FLOOR CLEANER"**

**Gegevensblad betreffende bestanddelen:**

| INCI naam                              | Gangbare chemische naam of de naam volgens de nomenclatuur van de IUPAC          | CAS-nummer  |
|----------------------------------------|----------------------------------------------------------------------------------|-------------|
| Aqua                                   | Water                                                                            | 7732-18-5   |
| PPG-2 Methyl Ether                     | (2-methoxymethylethoxy)propanol                                                  | 34590-94-8  |
| PPG-5-Laureth-5                        | Alcohols, C12-14, ethoxylated propoxylated                                       | 68439-51-0  |
| /                                      | Sodium N-(2-carboxyethyl)-N-(2-ethylhexyl)- $\beta$ -alaninate                   | 94441-92-6  |
| Trisodium<br>Dicarboxymethyl Alaninate | Trisodium 2-[bis(carboxylatomethyl)amino]propanoate                              | 164462-16-2 |
| /                                      | 2,5-Furandione, polymer with 2,4,4-trimethyl-1-pentene, esters with polyethylene | 201556-07-2 |
| Sodium Hydroxide                       | Sodium Hydroxide                                                                 | 1310-73-2   |
| Sodium Ethylhexyl Sulfate              | Sodium etasulfate                                                                | 126-92-1    |
| Parfum                                 | Parfum                                                                           | NC          |
| Phenoxyethanol                         | 2-phenoxyethanol                                                                 | 122-99-6    |
| Benzisothiazolinone                    | 1,2-Benzisothiazol-3(2H)-one                                                     | 2634-33-5   |
